Addendum - 1

1. New Clause added: 'Clause 2.2.1 (g)'

"The Bidder should not have any history of collapse of superstructure/substructure of any span of a bridge/ flyover/ tunnel/ via-duct/ metro line work during construction/ service in the last 5 years, ending last day of month previous to the one in which tender is invited. For the sake of clarity, it is stated that the history of collapse must not include any entity related to the Bidder including its group company, special purpose vehicle, subsidiary, affiliate, sister concern, and/or similar entity (ies) being member of any Joint venture and/or any consortium who were involved in such project. For the sake of clarity, in the case of any cracks due to settlement if noticed on any surrounding structures which were repairable and if any evacuation / demolition of the buildings/ structures were done as precautionary safety measures then those will not be restrictive for the Bidder under this Safety Clause. An undertaking in this regard shall be submitted along with the bid by the bidder."
